### Minako Iwamura at JDJ

Minako Iwamura, "Nexus," 2024, Oil And White Charcoal On Cradled Wood Panel, 40 x 30 Inches, Courtesy Of The Artist And JDJ.

For the 2024 edition of NADA, Tribeca-based **gallery JDJ** debuted a solo booth of new paintings by Australian-born artist **Minako Iwamura**. In Iwamura's oil and white charcoal paintings, swelling, symmetrical shapes and forms arrive in lush shades of aquamarine and rose to explore the interplay of colors and their psychological undertones. Each work emits an energetic pulse, allowing viewers to enter a liminal state that is at once abstract and corporeal. This exhibition marked Iwamura's first solo debut with the gallery.
